SUBJECT Quarterly Self-Monitoring Report
Former Exxon Service Station 7-3035
4501 Sonoma Highway, Santa Rosa, California

City of Santa Rosa Industrial User Permit No. SR-GW6100

Ms. Sedlachek:

At the request of Exxon Mobil Corporation (Exxon Mobil), Environmental Resolutions, Inc. (ERI) is submitting this Quarterly Self Monitoring Report documenting the operational status of the groundwater extraction and treatment (GET) system at the subject site during the first quarter 2006. ERI is submitting this report in compliance with the requirements of the discharge permit set forth by the Santa Rosa Subregional Wastewater Management System (the City).

The GET system did not operate during the first quarter 2006. The system was shut down on August 25, 2005, for repairs to the two rotary vane extraction blowers. The system will remain shut down pending redesign.

The system did not operate during the reporting period; therefore, samples were not collected and associated laboratory analytical results and Critical Parameters Report forms are not included in this submittal.

DOCUMENT DISTRIBUTION

ERI recommends forwarding a copy of this report to:

Mr. Chris Murray
Subregional Water Management System
Industrial Waste Section
4300 Llano Road
Santa Rosa, California 95407

Ms. Jo Bentz
California Regional Water Quality Control Board
North Coast Region
5550 Skylane Boulevard, Suite A
Santa Rosa, California 95403
